Objective:

Aspiring Software Engineer with a strong foundation in Java, SQL, and software development concepts. Eager to learn, grow, and contribute to a dynamic team by applying problem-solving skills and a passion for technology.

Education:

B. Tech in Artificial Intelligence and Data Science *2021 – May 2025*
BVC Engineering College Odalarevu

- CGPA: 8.14

Intermediate in Maths, Physics, and Chemistry *2019 – April 2021*
Sri Chaitanya Junior College Razole

- Aggregate: 92.7%

SSC
SRK ZPP High School *2018 – April 2019*

- GPA: 9.8 Ponnamanda

Technical Skills:

- **Programming Languages:** Java, C
- **Database Management:** SQL
- **Web Technologies:** HTML, CSS, JavaScript
- **Tools & Platforms:** Git, Eclipse IDE, MS Word, MS Excel, MS PowerPoint
- **Soft Skills:** Time Management, Collaboration, Decision Making

Projects:

Audio to Sign Language Translator using Python (Web App)

- Developed an interactive web-based tool that converts real-time speech and text into animated American Sign Language (ASL) gestures for hearing-impaired users.
- Integrated Google Translate API, Web Speech API, and NLTK to support 14 Indian languages and extract key words.
- Used Python and Django to build a user-friendly interface with pre-recorded ASL video playback for accessibility.
- **Tech Stack:** Python, Django, HTML, CSS, JavaScript, WebspeechAPI, Googletrans, NLTK, ASL Video Playback.

Internships:

Virtual Internship in Web Technologies & SQL *June 22,2023 – August 22,2023*

- Gained hands-on experience in web application development, focusing on SQL and database design.
- Built and queried relational databases using SQL for simulated real-world applications and case studies
- Developed basic front-end web pages using HTML, CSS, and JavaScript, integrating with backend data.

Java Programming Internship by DevskillHub (AICTE Certified) *May 5,2024 – July 19,2024*

- Enhanced proficiency in Java programming, object-oriented concepts, and basic application development through training modules and assessments.
- Completed mini projects using Java, demonstrating problem-solving skills and clean code practices.
- Practiced exception handling, file I/O, and multithreading through hands-on assignments

Certifications:

- Java Fundamentals Certification **(Coursera)**
- Basics of Python Certification **(Infosys Springboard)**
- Introduction to Programming in C **(NPTEL)**
